More Benefits: Not only will your company/business help support our mission and be recognized at the event, but your sponsorship could result in additional visibility opportunities in The Boston Globe, Boston Magazine, The Herald News, SouthCoast Today and more.

Your investment in the work of the S.E.A.L. Foundation plays a vital role in our ability to respond to the needs of children who learn differently throughout Massachusetts and Rhode Island. The need has never been more critical, given the impact of COVID-19 on a spring semester filled with remote learning and a fall term that may see disrupted services and supports for those who need them most.
